Dear Mr + Mrs Manley.

I am very sorry to write a letter of request. at the time of the death of my Mother. But for making the money I could have made barring the trouble I have had with my legs. I remember Mr Manley offer to help me if I should ever need help. and I need it now. if I can borrow fifty-$50- Dollars it will help me to give my Mother a decent funeral. I am able to work now where I can make some money. and as soon as I began work as a red cap I will pay you back $25. The first month and $25 the next. please give this letter your due considerations. for I have

gone through everything in the past few years trying to keep from borrowing But a case like this. I have got to try to get the money to bury my mother, can still be of service to your club- did not see anything in the way of players to help Mr Bolden. but With youngsters returning home from the arms service I should run across plenty of good young players- I don't think the Negro National League will ever have to worry about being raided by the Majors- Jackie Robinson- who others will break into the Majors Not in this generation his Handling will be poor and he will never get cooperation from those fellows, I congratulate you on your club showing- and with your

Returning players from the service
yo Will have the strongest Club in
Negro base ball and should easly
Be Champs for a long time
I am thanking yo in advance
Will appreciate an immediate reply
Trusting yo Will help me I am
Thanking yo and ~~Mr~~ Mrs (Manley) Fass
advance- Respt

Dick Lundy
